Technical Data Sheet

Bis (Ethanolammonium) Hexahydroxyplatinum (IV) (Pt EA Solution (15-20%))

Formula	(HOCH2CH2NH3)2[Pt(OH)6]
Molar Mass (gm/mol)	299.14
Grade	RM HC 289
Appearance	Orange Liquid
Metal Content	20-25%
Melting Point (°C)	-

Storage Condition

- Store in a tightly closed container at ambient temperature.

Application

- Ideal for high-stability electroless platinum plating baths
